

Footpaths

Berrynarbor Parish has a network of beautiful footpaths which are an asset to the village for both locals and visitors. The Parish Council Footpath Wardens Councillors Mrs Clare White and Mrs Julia Fairchild have been working hard to monitor the footpaths and keep them in good useable order. We have been successful over the last year in obtaining a small grant and having several improvements including 3 new galvanized self-closing gates and other repairs.

The Council would encourage you to use the footpaths, which are clearly marked on the local maps, if walking with a dog please be aware that there could be stock grazing in the fields and your dog should be on a lead in these areas. Please enjoy your walk and remember to stick to the countryside code.
