County Councillor's Report

April 2026

Library Consultation

Thank you to everyone who responded, particular thanks to the Friends of Combe Martin Library who were amazing at getting the message out. There has been an overwhelming response with over 25,000 responses, some limited feedback from officers at DCC, about all the Cabinet member said, and it took her 12 minutes to say it, was there had been over 25,000 responses, nothing much else as said except how important libraries are and what they do (think we all know that!)but I will let the Parish Council know as soon as I know what came from the consultation.

Highway Defects

Firstly I am very aware that there has been a lot of disruption to the village from all the utility companies digging up roads, you have been an incredibly patient community and I sincerely hope this disruption is coming to an end.

Road closures can be seen at [Causeway one.network](#)

[Report a problem - Roads and transport](#)

The DCC website is very useful for reporting problems and the reports go straight to the contractor.

Alternatively the highway contact number is 0345 155 1004

If it's a river flooding the environment agency can be contacted on 0345 988 1188
